If a returning student's GPA falls below these criteria during any funding period, the student will be placed on probation. If the student fails to increase his/her cumulative GPA to the minimum level during the probation period, sequential funding will be canceled and the student must successfully complete a semester on his/her own before reapplying for funding.

Students funded in the fall semester who plan to continue school in the spring must confirm the continuation of their studies by 5 PM, November 15 (materials can be postmarked by November 15) to receive funding for the spring. Students applying for the first time in the spring must submit a new application. Students who apply and are not selected to receive a competitive award will automatically be awarded a basic scholarship if all criteria are met.
