- Students eligible to receive once per academic year.
- This is funded on a first-come, first-served basis.

- High school students are eligible to receive this award as long as their school district does not pay for advanced placement classes.
- High school students may apply year-round for funding.

- This is funded on a first-come, first-served basis.

SCHOLARSHIP DEADLINES

All scholarship applications (with the exception of short-term vocational and advanced college credit) must be received online by:

Please read the detailed requirements for each scholarship starting on page 6.

Students must submit an application for each semester they wish to receive funding; this applies to both basic and competitive scholarship recipients. Supporting materials, such as proof of academic enrollment, class schedule, letters of recommendation and unofficial transcripts may be submitted online via the scholarship portal, emailed to foundation@doyon.com, or postmarked by the appropriate scholarship deadline.

Students who apply and are not selected to receive a competitive award will automatically be awarded a basic scholarship if all criteria are met. Students do not need to submit separate online applications for the competitive and basic scholarships.

SCHOLARSHIP ELIGIBILITY

To be eligible for these programs, applicants must:

- 1 Be enrolled to Doyon, Limited or be the child of an original enrollee. Enrollees are defined as stockholders holding class A, B, C or D shares. Individuals who are enrolled in more than one regional corporation are eligible if their first enrollment was with Doyon, Limited. Gifted or inherited shares do not qualify an individual for scholarship eligibility. If the student is a child of an original shareholder, an original birth certificate (BC) is required for verification. Once the original BC is received, a copy is made and it is immediately returned. Students can also send a certified (notarized) copy.
- 2 For competitive and basic scholarship applicants: Be accepted to an accredited college, university, technical or vocational school, and be in a program that lasts at least six weeks or 120 hours. Students who have not been accepted by May 15 should submit a verification letter from the school stating they have applied.

Competitive recipients must be attending college full time THROUGHOUT the academic year (fall and spring semesters). If full-time status is not met at any time throughout the academic year, the scholarship will be terminated and the student may be required to pay back the scholarship.
- 3 For short-term vocational scholarship applicants: Be in a course or program that is less than 120 hours and less than one year; applicants cannot be enrolled in a degree program.

It is the student's responsibility to contact Doyon Foundation to ensure his/her application is complete and submitted by the appropriate deadlines.

- 4 For advanced college credit applicants: High school students are eligible to receive this award as long as their school district does not pay for advanced placement classes.
- 5 Maintain the following cumulative grade point average (GPA):
 - Undergraduates: 2.00
 - Graduate or Masters: 3.00
 - Specialists or Doctorates: 3.25

If a new student applies with a GPA below these criteria, the student will immediately be placed on probation for the first funding period. If a returning student's GPA falls below these criteria during any funding period, the student will be placed on probation. If the student fails to increase his/her cumulative GPA to the minimum level during the probation period, sequential funding will be canceled and the student must successfully complete a semester on his/her own before reapplying for funding.
- 6 Have a high school diploma or GED (except for the advanced college credit award).

TRANSCRIPTS

Official transcripts must be submitted the first time a student applies for a scholarship in an academic year, which runs August through July. For example, if the student applies in the fall, he or she must submit official transcripts. If the same student reapplies in the spring or summer of that same academic year, unofficial transcripts will be accepted.

Returning students are students who received a scholarship the prior scholarship period. The Foundation understands that sometimes grades/transcripts are not available until after the scholarship application deadline. In this case, returning students should submit all other application materials by the deadline, and then submit transcripts immediately after grades for the semester/term are available. The transcripts must show grades for the semester/term that the student received a scholarship for.

MAXIMUM AWARD AMOUNTS

- Undergraduate and vocational students can receive a maximum of \$15,000 in scholarships throughout their entire undergraduate or vocational career.
- Students seeking a one-year to two-year master's degree are eligible to receive a maximum total of \$25,000.
- Students seeking a three-year to five-year graduate degree (PhD, MD, JD, etc.) can receive a maximum total of \$35,000.

SCHOLARSHIP POLICIES

Please carefully review the scholarship policies below, and contact Doyon Foundation with any questions about the requirements.

FAILURE TO ATTEND/DROP OUT: If a recipient fails to attend the educational institution outlined in their application, or drops out before completion of a semester beyond institution's drop deadline, Doyon Foundation will require that the scholarship be returned in full, either by institution, the recipient or a combination thereof.

If the recipient fails to return the scholarship to Doyon Foundation, the student will be placed on probation the next attending term. (When a student is placed on probation, they will not be eligible for a scholarship the following semester.)

If Doyon Foundation is not notified beforehand by the student that they will not be attending or that they are withdrawing, student will be placed on probation the next attending term.

CHANGE IN FULL-TIME/PART-TIME STATUS: After award letters are issued, scholarship recipients will have two weeks to notify Doyon Foundation of a change in their full-time or part-time status. If notification of credit load change is made by the educational institution and not the scholarship recipient, student will be placed on probation for the next attending term.

COMPETITIVE SCHOLARSHIP RECIPIENTS NOT ELIGIBLE FOR SECOND SEMESTER: If at any time during a year in which a student has received a competitive scholarship the student does not meet the agreed-upon criteria in the scholarship guidelines and in their signed Conditions of Acceptance form, Doyon Foundation will require that the scholarship be returned in full, either by the institution, the recipient or a combination thereof. If the scholarship is not returned in full, student will not be considered for future competitive scholarships.

MAXIMUM PROBATION CAP: If a student is placed on more than three probations in their academic career, future applications will not be considered.

MISUSE OF FUNDS: If a recipient misuses or attempts to misuse scholarship funds, Doyon Foundation will require the funds be returned in full, either by the institution, the recipient or a combination thereof. If the recipient fails to return funds to Doyon Foundation, future applications will not be considered and any current award approved for the recipient will be withheld. In the case of fraud or criminal act, the scholarship committee may decline to consider any new scholarship applications, even if the scholarship recipient repaid the misused funds in full. The scholarship committee will determine improper use of funds on a case-by-case basis.

STUDENTS WHO DROP DUE TO HARDSHIP: Waivers may be issued for students who have experienced exceptional or extraordinary circumstances "beyond the student's control" that result in the failure to satisfy scholarship requirements and where there is a reasonable expectation that the student will meet these requirements in the future. Exceptional or extraordinary circumstances may include, but are not limited to, a death or illness in the family or personal illness. A letter explaining the circumstance must be submitted to the Doyon Foundation executive director for approval. Supporting documentation, such as an obituary, letter from doctor or counselor, statement from advisor, etc., will be required.

TYPES AND AMOUNTS

The Foundation normally awards three different types of competitive scholarships:

Students do not apply for specific competitive scholarships. Applications are categorized by staff based on a student's field of study, class standing and/or degree program.

Please note that amounts vary for special competitive scholarships, such as corporate-funded, field-specific and memorial scholarships.

The number and amount of Doyon Foundation competitive scholarships vary annually, based upon the projected needs of future students. Each year, Foundation staff reviews current students' fields of study and makes recommendations for competitive scholarships for the upcoming year. The annual competitive scholarship awards are then approved by the Doyon Foundation board of directors.

These competitive scholarships are made possible by the generosity of many individual and corporate donors. To view a list of current donors, or to make a donation, please visit www.doyonfoundation.com.

ONLINE APPLICATION PROCESS

Competitive applications are only accepted online. Students should first create an online account at www.doyonfoundation.com. This allows students to complete applications online quickly and easily.

Completed applications packets are reviewed by an independent scholarship review committee, and scored in the following areas: personal essay (40 points possible), grade point average (40 points possible), letters of recommendation (30 points possible) and personal impression (10 points possible) for a total of 120 possible points. See page 11 for details on the selection process.

COMPETITIVE SCHOLARSHIP REVIEW COMMITTEE

COMMITTEE MEMBER SELECTION PROCESS

The competitive scholarship review committee is an independent group consisting of five members who each hold three-year terms. One committee member must reside in a rural village within the Doyon region. To qualify for a position, candidates must be a Doyon, Limited shareholder age 18 or older. Also, per IRS regulations, committee members cannot be employees of the Doyon Family of Companies or Doyon Foundation.

When a seat is open, Doyon Foundation sends out a public notice via the Doyon, Limited newsletter, and Doyon Foundation blog and social media to solicit members.

Interested parties are asked to submit a resume and letter of interest stating why they are interested in serving on the committee. These members are then selected by the Doyon Foundation board of directors at a regularly scheduled quarterly meeting. An orientation for committee members is held in May or June to review expectations and the scoring process.

CURRENT DUTIES

The duties of serving on the scholarship review committee include:

- Evaluating and scoring all competitive scholarship applications.
- Awarding scholarships based on scores, fields of study and class standings.
- Making scholarship policy recommendations to the Doyon Foundation board of directors via the executive director and scholarship review committee.
- Dedication of 30 — 40 hours of time to review competitive applications, with no monetary compensation.
- Serving on a volunteer basis and committing to a three-year term.

The committee reviews the application packets on a secure website from late June to early August. They then meet in Fairbanks to determine the recipients. Competitive scholarship applicants are notified in late August as to whether or not they received a competitive scholarship. Recipients are notified by phone. Those who did not receive a competitive scholarship are notified by email.

SELECTION PROCESS

After the May 15 competitive application deadline:

- Staff sort applications by class standing, field of study and/or degree program.
- Application packet materials are scanned and uploaded to a secure website.

The scholarship committee begins reviewing application packets online in late June or July. This process takes an estimated 30 — 40 hours per member.

- The application is scored in the following areas, for a total of 120 possible points:
 - Personal essay (40 points possible)
 - Grade point average (40 points possible)
 - Letters of recommendation (30 points possible)
 - Personal impression (10 points possible).

Note: Ratings by committee members are subjective.

- Once applications are scored by individual members, the committee meets as a team for a final review and selection.
- Once recipients are selected, an award letter from the executive director is emailed to students. Recipients also receive a phone call notifying them of their selection.
- Scholarship awards are sent directly to the recipient's academic facility financial aid office. Each recipient is awarded half of the competitive scholarship amount for the fall semester and the remaining half for the following spring.
- Applicant scores are available upon request.
- Applicants who are not chosen for a competitive scholarship award are notified by email. If eligible, they automatically receive a basic, full-time scholarship for the fall semester.

Basic and competitive scholarship recipients are recognized in early September at the annual Doyon Foundation scholarship awards ceremony.
